World Conference

Early Saturday morning, April 10, the Senior Council met and left for Independence, MO. When we arrived we had unloaded at the church we were staying at then went to the temple. We went to the Peace Pavilion and learned different ways to say the word peace and different activities. After a while we went to the opening worship and did the flags ceremony and said when the Community of Christ was founded in each country. When the worship ended, we went to the village, walked around and met people participating in communion. After the worship, we had lunch and left with new memories while going home.
